Hostel Section

The Director, AIIMS is the highest authority that oversees the functioning of the hostels. To supervise the hostel section, members of the Faculty are appointed by the Director to work in the capacities of the Superintendent and Deputy Superintendents. The Superintendent of Hostels is the overall in-charge of the hostels. The Hostel Section looks after the day-to-day functioning with the Senior Warden overseeing all the hostels. The Senior Warden is supported by Wardens, Deputy Wardens, Assistant Wardens and Junior Wardens who look after individual hostels along with other staff. You should check and know the respective Warden in charge of your hostel.

There is a Hostel Advisory Committee that oversees various aspects of the functioning of the hostels and includes not only members of the faculty (Superintendent and Deputy Superintendents), the Warden, but also representatives of different students' bodies such as Resident Doctors Association, the Society of Young Scientists, AIIMS Students Association and Student Nurses Association. Other members from the administration, finance, engineering services and security also contribute to run and maintain various services in the hostels.

The Hostel Section is on the First Floor of Hostel No. VII (first hostel on the right as you enter Gents Hostel). In addition most of the hostels (except Hostels 1-8) have small offices in their premises.

There are several hostel offices. The Hostel Section deals with most matters related to hostellers of all hostels. In addition the smaller offices deal with allotments, vacation and immediate problems that may arise.
