News Update: Summer Vacation List of All Departments 2026. Document Verification

Welcome to KGMU

We are shaping futures.

Established in 1905, King George's Medical University is a NAAC A++ accredited institution that stands as one of the most prominent medical universities in the country. The foundation stone of this grand institution was laid in 1906 by His Royal Highness, the Prince of Wales, during his second visit to India for his Coronation Durbar as King Emperor.

With His Majesty's consent, the university was named in his honor. Since its inception, the university has been committed to excellence in medical education, unparalleled medical ethics, groundbreaking biomedical research, and exceptional patient care.

Our mission and vision focus on creating an inclusive environment that addresses the needs of humankind while delivering world class education positioning us among the top medical universities in the country and globally.

Our Student Testimonials

Studying at KGMU is a transformative journey. The rigorous academic curriculum, experienced faculty, and early clinical exposure built a strong foundation for my medical career. I particularly appreciated the emphasis on ethics and empathy in patient care, which will stay with me throughout my professional life.

ABHISHEK RAJPUT

MBBS 2023, Age - 21 years

★★★★★

King George's Medical University epitomizes academic rigor and clinical excellence. Renowned for its avant-garde infrastructure and eminent faculty, KGMU fosters a culture of evidence-based practice, interdisciplinary collaboration, and pioneering research.
