

Hostel facilities available at the institute, designed to provide a comfortable and supportive living environment for students. With accommodations for both boys and girls, the hostels are equipped with various amenities to ensure the well-being and convenience of all residents.

The institute offers a separate hostel facility for both boys and girls, with a total capacity to accommodate up to 750 students. This arrangement ensures that students have a safe and secure place to live while pursuing their studies.

In addition to student accommodations, the hostels also feature guest room facilities for the stay of parents, allowing families to visit and support their children during their time at the institute.

To promote relaxation and leisure, a dedicated room is provided for watching television and reading newspapers, giving students a space to unwind and stay informed.

For health and hydration, the hostel is equipped with a mineral water facility, ensuring that students have access to safe drinking water at all times.

Furthermore, the hostel campus includes an ambulance facility, providing immediate medical assistance in case of mergencies, thereby prioritizing the health and safety of all residents.

Overall, the hostel facilities at the institute are designed to create a nurturing environment that fosters academic success and personal growth for all students.
