Department profile / overview

The Department of Anaesthesiology is a vital pillar of patient care, ensuring sage and effective management of surgical, diagnostic, and critical care procedures. Our department provides comprehensive anaesthesia services, perioperative care, pain management, and intensive care support across a wide spectrum of specialites

UG & PG teaching activities

- Teaching & Training Facilities -
- 1. Demo rooms & Seminar Halls with audiovisual aids. 2.Skill Lab/Simulation centre for airway training, BCLS/ACLS, crisis management
- 3. Library resources: textbooks, journals, online access to databases.
- 4. Regular CMEs, workshops and interdepartmental meetings. Clinial Postings: Operation theatre orientation (monitoring, asepsis, anaesthesia machines.) 2.Exposure to airway management (mask. ventilation, intubation observation). 3.Observation of general and regional anaesthesia techniques. 4 ICU postings - Ventilator basics, fluid therapy, and monitoring. Skill Development: Basic life support (BCLS) Training mandatory
- 2. Introduction to advanced cardiac life support (ACLS).
- 3. IV cannulation, oxygen theraphy, airway devices (OPA/NPA), Basic monitoring. Seminars - weekly, covering core and advanced topics journal clubs - analysis of recent publications. Case Presentations & Discussions. Interdepartmental Meetings - With surgery, Obstetrics, ICU, Orthopaedics, Medicine, etc. Thesis/Dissertation work - clinical or experimental reseach. Workshops & CME - airway, Ultrasound guided blocks, pain, simulation training

Research projects & publications

Research Projects - 1. A COMPARATIVE STUDY BETWEEN SUGAMMADEX AND NEOSTIGMINE FOR REVERSAL OF VECURONIUM INDUCED NEUROMUSCULAR BLOCKADE UNDER GENERAL ANAESTHESIA 2. A PROSPECTIVE, RANDOMIZED COMPARATIVE STUDY ON EFFECT OF ADDING CLONIDINE VERSUS DEXMEDETOMIDINE TO EPIDURAL BUPIVACAINE (0.125%) ON POSTOPERATIVE ANALGESIA IN ABDOMINAL SURGERIES" 3. A COMPARATIVE STUDY OF THE EFFICACY OF DEXMEDETOMIDINE AS AN ADJUVANT TO LEVOBUPIVACAINE VERSUS LEVOBUPIVACAINE ALONE IN ULTRASOUND-GUIDED SUPRACLAVICULAR BRACHIAL PLEXUS BLOCK FOR UPPER LIMB SURGERIES 4."EFFECTIVENESS OF POSTOPERATIVE ANALGESIA BY ULTRASOUND GUIDED POPLITEAL SCIATIC BLOCK AND ADDUCTOR CANAL BLOCK IN PATIENTS UNDERGOING BELOW KNEE SURGERIES - A PROSPECTIVE STUDY" 5. A COMPARATIVE STUDY OF THREE DIFFERENT LARYNGEAL MANOEUVRES TO IMPROVE VISUALISATION OF GLOTTIS USING VIDEO LARYNGOSCOPE" 6. A COMPARATIVE STUDY BETWEEN ROPIVACAINE WITH DEXMEDETOMIDINE AND BUPIVACAINE WITH DEXMEDETOMIDINE IN BRACHIAL PLEXUS BLOCK IN UPPER LIMB SURGERIES" 7. COMPARISION OF EFFECTS OF INTRAVENOUS MAGNESIUM SULPHATE AND INTRAVENOUS CLONIDINE IN ATTENUATING HEMODYNAMIC RESPONSE DURING LARYNGOSCOPY AND TRACHEAL INTUBATION IN PATIENTS UNDERGOING ELECTIVE OPEN ABDOMINAL SURGERIES, A PROSPECTIVE, RANDOMISED, DOUBLE-BLIND STUDY Publications : 1. "COMPARISON OF TWO DIFFERENT DOSES OF HYPERBARIC LEVOBUPIVACAINE AND HYPERBARIC RACEMIC BUPIVACAINE WITH FENTANYL AS AN ADJUVANT IN PATIENTS UNDERGOING CESAREAN SECTION A PROSPECTIVE RANDOMIZED CONTROL STUDY" 2."EVALUATION OF TWO NECK ULTRASOUND MEASUREMENTS AS PREDICTORS OF DIFFICULT DIRECT LARYNGOSCOPY IN OBESE AND NON-OBESE PATIENTS: A PROSPECTIVE OBSERVATIONAL STUDY" 3. "A PROSPECTIVE RANDOMIZED CONTROLLED STUDY COMPARING INTRATHECAL MAGNESIUM SULPHATE VERSUS FENTANYL CITRATE AS AN ADJUVANT TO 0.5% LEVOBUPIVACAINE HEAVY IN SPINAL ANAESTHESIA FOR BELOW UMBILICAL SURGERIES

Conferences / CME / Workshops

- ZONAL CME'S:
- 1. Obstetrics Anaesthesia 2.ONCO- ANAESTHESIA AND RECENT ADVANCES. WORK SHOPS : Airway, ultrasound guided blocks, pain, simulation trating.

Clinical services & special clinics (where applicable)

- Operation Theatre Exposure: 1.General, regional, paesiatric, cardiac neuro, onco, and transplant anaesthesia
- 2. Critical care Postings - ICU management, ventilatory support, hemodynmaic monitoring
- 3. Emergency & Trauma care - 24/7casuality coverage
- 4. Labour Analgesia & Obstetric Anaesthesia
- 5. Pain clinic : Acute and chronic pain Skill Training:
- 1. Advanced airway management (video laryngoscope, fibreoptic intubation)
- 2. Central venous & artificial line insertion.
- 3. Epidural & spinal anaesthesia 4.Ultrasound - guided nerve blocks. Evalution :
- 1. Regular logbook entires for cases and procedures
- 2. Periodic internal assessments - theory and practical
- 3. Final university exam (theory, Practical, viva, OSCE)

Field activities / outreach programs

Field Activities : NRFMS : - CPR Awareness Programme Out Reach Programme - NFLS Programme - National Emergency life support

Awards & recognitions

- 1.ISACON-2024- 33rd Annual Conference of India Society of Anaesthesiologist, AP State, Tirupathi chapter
- 2. Department of Anaesthesiology & Critical care Zonal CME from ACSR GMC, Nellore on 17-12-2023
- 3. Department of Anaesthesiology & Critical care Zonal CME from ACSR GMC, Nellore on 22-06-2025
- 4. Anaesthesiology Zonal CME-2025 from Guntur on 16-02-2025 5.Medvantage Anaesthesia Zone - 3 from KMCH, Guntur 6.Anaesthesia CME for Post Graduates, Zone - IV from GGH, Ongole on 17-11-2024

Infrastructure / facilities available in the department

- 1.Operation Theatres(OT complex) : 1.Fully equipped modular operation theatres with laminar airflow and HEPA filtaration.
- 2. Modern anaesthesia workstations with intereated monitoring systems. 3.Multiparameter monitors (ECG, NIBP, SPO2, ETco2, Temparature, invasive monitoring). Advanced airway equipment: * Video laryngoscopes fibreoptic bronchoscopes. *Laryneal mask airways, supraglottic devices, difficult airway carts.

Any other department-specific contributions

- Specific contributions of the Anaesthesiology Department: The Department of Anaesthesiology plays a central role in ensuring the safety, comfort, and recovery of patients across multiple specilities. Its contributions extend beyond the operating room into critical care, emergency medicine, pain management, and academic training. 1.Perioperative patient care: 1.Comprehensive Pre-anaesthetic assessment and optimisation of surgical patients.
- 2. Administration of safe general, regional, and monitored anesthesia care for all surgical specialities. 2.Pain Medicine:
- 1. Acute pain services for postoperative and trauma patients. 2.Chronic pain clinic- Interventional pain procedures(nerve blocks, epidural injections, ultrasound - guided techniques) 3.Labour analgesia and obstetetric anaesthesia support. 3.Emergency & Resuscitation services: 1.24/7 coverage for trauma, emergency surgeries, and critical interntions 2.Leadership in CPR, BLS, ACLS, training 3.Active role in hospital code blue and rapid response teams. 4.Academic & Research Contributions: 1.Training of undergraduate MBBS Students in resuscitation and perioperative medicine.
- 2. Postgraduate (MD/DNB/DA) Training in advanced anaesthesia, ICU, and pain management.
- 3. Regular CME'S workshop and conferences to update skills
- 4. Research and publications contributing to advancement of anaesthesia science 5.Interdisciplinary & Institutional Support: 1.Anaesthesia services for radiology (MRI/CT), cath lab, endoscopy, bronshoscopy and interventional procedures. 2.Collaboration with surgical, medical and diagnostic department 3.Key role in hospital quality assurance, infection control, and NABH/NMC accreditation activites. 6.Community & Public Health Role: 1.Conduting awareness programs on safe surgery, pain relief, and resuscitation.
- 2. Training of paramedical staff and nursing teams in airways and resuscitation skills.
- 3. Paritcpation in ourreach health camps and disaster management drills.

Department profile / overview

AN Anatomy department is an Acadamic unit with in a medical teaching institute that deals with the structure of human body wich forms the foundation of medical sciences

UG & PG teaching activities

AS PER NMC GAUDLINES FOLLING ALL TEACHING SCHEDULES

Research projects & publications

Dr.Radhika Dr. N. Sreekantha Rao, 1, Morphogenesis of Human Testes at Different age groups, 2, Histogenesis of Human Testes at Different age Groups 3, Histogenesis of Human Testes at Different age Groups 3, Pancreas:Anatomy,Embryology & Histology- A Review Article. 4, Embryology,Histogenesis and Anatomy of Thyroid Gland-A Review Article. 5, Morphometric Assesment of Adult Human Lumbar Vertebrae. 6, Investigating the clinical relevance of the popliteal artery's research of its origin and branching pattern in relation to the popliteal fossa. 7, Studying the foramen magnum morphometrically and morphologically Dr. Sraavani, 1, Anomalous development of thyroid gland; a cadaveric study in costal population of Andhra Pradesh, 2, A Study on the Branching Pattern of External Carotid artery. 3, Evaluation of the mental foramen position using digital panoramic radiographs in selected costal population of Andhra Pradesh. 3, Awareness of first year MBBS students on MBBS degree and their ideas; An unexpected reality. 4, Facial soft tissue thickness of southeast Indian state population for forensic facial reconstruction Dr. T. Kavitha, 1, Morphometric Assesment of Adult Human Lumbar Vertebrae. 2, Morphology and morphometry of glenoid cavity -its importance in shoulder prosthesis . 3, Abnormal Bifurcation of Brachial Artery and it's Clinical imporatnace. 4. Awareness of breast feeding practices among mothers in a rural area of nellore

Dr.M V R Mayuri, 1. The suprascaplar notch:Its morphology morphometry and clinical significance. 2. A Study on incidence of communicating branch between musculocutaneous nerve and median nerve. 3. Morphology and morphometry of glenoid cavity -its importance in shoulder prosthesis.

Dr.K Deva Priyanka, 1. Abnormal Bifurcation of Brachial Artery and it's Clinical imporatnace Dr.E.B.Swarna Reddy, 1. Embryological renal anomalies and it's clinical importance

Conferences / CME / Workshops

- GASTRON – 2025
- (Recent trends in Surgical & Radiological aspects of Gastric cancer

IV cannulation, oxygen theraphy, airway devices (OPA/NPA), Basic monitoring

HOD OF BIOCHEMISTRY

Qualifications:

- MBBS at SV Medical College, 1992 Siddhartha Medical College
- MD 1999 at SV Medical College, SVMC
- 1993-95 Residency in Endocrinology and Metabolism, SVIMS
- 1992-93 Volunteer in Riverside Methodist Hospital, Columbus, Ohio

Positions:

- Academic Council member of Dr YSRUHS library
- Board of studies member at Padmavati Medical College for women
- Ethical committee member of SPG COLLEGE OF
- MDRU Nodal officer 2018 to 2022in SVMC
- Board of studies member of Mahila University
- Academic member of RSSDI
- Cultural committee member of Dr NTR UHS

Awards:

- Best Teacher award 2018
- Best Teacher award by IMA
- Best Doctor Award of Chittoor District
- Best Doctor Award in Covid 19 – pandemic

Workshops & Committees:

- Workshop in Molecular Biology under DHR in MDRU, SVMC, Tirupati
- Scientific committee convener and coordinator, SVMC, Tirupati from 2018-
- Convener and coordinator Research Advisory Committee, MDRU and MRHRU, Tirupati from 2018-2022
- ICMR-DHR workshop on Strengthening of Clinical Laboratory Practices in Rural Government Hospital of SPSR Nellore, District. DHR-ICMR Workshop approved on 01.10.2023 Date of Submission: 28.06.2023, Date of Post-posed to : 18.11.2023 to 20.11.2023

ACTIVITIES CARRIED OUT BY THE DEPARTMENT

- Provide a unique opportunity for students to undertake core professional and research skill education.
- Continuous trainings are given to laboratory technical staff regarding Laboratory information system (LIS), automation, quality control and able to understand pre-analytical, analytical and post analytical procedures.
- Student's participation in all UG activates through Seminars, Group discussions and self directed learning etc is mandatory and provides training oral communication skills.
- ICMR workshops and UG STS projects are continuous going on in the department.

UG & PG teaching activities

Nil

Research projects & publications

1. Dr. P. Laxmi Associate Professsor, The Study of Biochemical Abnormalities and its Outcome in Neonatal Seizures, Int Jof Pharm and Clin Res 2023;15(4);1529-34

2. Dr. G. Sarvari Assistant Professor, Molecular biomarkers NOTCH1, CD44, BMI1, and TP53 in oral squamous cell carcinoma Bioinformation 19(5): 623-627 (2023) ##DOCTOR##3.

Dr. Y V Ramakrishna Reddy Assistant Professor, YKL-40 as Inflammatory Marker in Reference to hs CRP in CKD Individuals with Uremic Toxicity to Diagnose the Cardio Vascular Events. Int J of Med and pharm Res 2023;4(3);720-25. Uraemic Toxins and Endothelial Dysfunction in CKD and Hemodialysis individuals increasing the mortality towards CVD. Int J of Med and pharm Res 2023;4(3);953-57.

Conferences / CME / Workshops

CME programme conducted on 25/04/2025 titled as "Clinical Chemistry - A Clinician Update"

Clinical services & special clinics (where applicable)

Nil

Field activities / outreach programs

Nil

Awards & recognitions

Nil

Infrastructure / facilities available in the department

- 1. Lecture theatre, Departmental library-cum-seminar room, Demonstration Room, Research Lab, Practical class room, office cum Clerical room - one room
- 2. Analytical Balance : up to 200 g/1gm increment, Hot air oven (More than 200 litres), Digital Colorimeters, Student Microscopes, Thermometer 0 – 250 degree Celsius,
- Semi autoanalyzer, Boiling Water baths, Constant temperature water bath Tank Capacity: (Temperature range 5 to 80 degree Celsius), Centrifuge clinical for ≥ 8 tubes,
- pH meters of wide range digital, Fixed volume pipettes -- 1ml,0.5ml,0.2ml,0.1ml and 0.02ml, Vacutainer Tube, ABG Machine, Autoanalyzer , Complete Chromatographic Unit
- for paper & TLC , Complete Electrophoresis apparatus with power supply (Paper, PAGE, agarose) , Vortex mixers, Incubator 37o C, Fume cupboard, Digital Analytical Balance,
- Balance Micro, Spectrophotometer, ISE analyzer, Refrigerators

Department profile / overview

UG Activities:
①Training in Community Medicine begins in the 1st semester and continues till the 7th semester, using a mix of: Lectures / Small Group Discussions/ Self Directed Learning/ Seminars/ Clinico-social Case Discussions/ Problem-solving Exercises/ Field Visits/ Laboratory Work/ Family Adoption Program.
②Students are taken to field practice areas to observe and participate in addressing local health issues. They learn survey methodologies and conduct clinico-social case studies using OPD and ward cases. Binocular microscopy and exposure to public health institutions are part of the curriculum.
③ After completing the final year (9th semester), students return for a 3-month CRRI posting in batches of 15–20. During this internship, they receive hands-on training at: Primary Health Centres (PHC) / Urban Health Centres (UHC) / Other Public Health Institutions Postgraduate Training in Community Medicine (MD) – At the heart of our MD Community Medicine program lies a dynamic blend of academic excellence, field immersion, and research-driven learning, designed to produce visionary public health professionals.
1. Academic Engagement
①Journal Clubs: Critical appraisal of research articles to build analytical skills.
②Seminars : In-depth discussions on epidemiology, health policy, economics, and global health.
③Interdepartmental Learning: Collaboration with clinical departments for clinical-community integration.
2.Community-Oriented Training
①Field Postings: Residential postings at RHTC & UHTC, District Residential Program for hands-on public health practice.
②Institution Visits: Exposure to district health offices, NGOs, and national programs.
③Epidemiological Work: Independent surveys, disease investigations, and outbreak investigations.
3. Research & Skill Development
①Thesis Work: Training in research design, data analysis, and scientific writing as per NMC norms.
②Skill Labs: Simulation-based training in clinical and public health procedures.
③Health Informatics: Use of IT tools for data visualization and evidence-based decision-making.
4. Competency Based Curriculum (NMC Guidelines): Cognitive/ Psychomotor/ Affective Based Learning.
5. Additional PG Activities:
①Teaching: Active role in undergraduate training.
②CME & Outreach: Participation in health camps and awareness programs.
③Assessments: Quarterly internal evaluations through journal reviews, skills, and presentations.

ACTIVITIES CARRIED OUT BY THE DEPARTMENT

- Observance of National and World Health Days: like WHO days, world AIDS day, World breastfeeding week, world diabetes day, world tuberculosis day etc.
- Health awareness programmes/ Health education activities.
- Organizing Seminars, workshops, Guest Lectures and Conferences.
- School Health Programmes, Health check-ups of Aanganwadi children.
- Conducting surveys
- Training of students – About environment & sanitation, rural health, health programmes etc
- Research projects and publishing the scientific papers
- Participation in the national and state level conferences.
- Participation of staff in other programmes like medical diagnostic camps.
- Participating in Rural Medical Health Camps and Outreaching programmes in Rural and Remote areas informed by the Government of Andhra Pradesh.
- Training of Interns who are posted in RHTC, Sangam.

Conferences / CME / Workshops

- 1. Conducted seminar competition on World Breastfeeding Week – A key to sustainable development challenges and interventions at local level on 04-08-2016.
- 2.Commemorated World AIDS Day on 01.12.2022.
- 3.Attended IAPSM conference SPRM at Vijayawada - 2022. Paper presentation by Dr Saleha Afreen.
- 4.Organized CME on World Tuberculosis Day on 24.03.2023 with collaboration of Microbiology,Pathology, Pharmacology, Pulmonary Medicine.
- 5.International conference on neuroscience and role of primary care physician on 30.07.2023.
- 6.International conference on emergency medicine and role of primary care physician on 24.09.2023
- 7.39th International conference on endocrinology and role of primary care physicians Webinar on 22.10.2023 attended by Dr P Sasikala.
- 8.Dr T Rajasekhar attended the Indian Society of Lifestyle Medicine conference in Chennai in 2023.
- 9.Attended A National Workshop On Systematic Review& Meta Analysis Oct- 14- 2023 (Hybrid mode) on Oct 14, 2023.
- 10.Organized AIDS day program on 1st December 2024.
- 11.Staged a Role play on No Tobacco Day - Themed "Protecting children from Tobacco industry Interference" on 31 May, 2024.
- 12.Conducted Poster competition, on World Breastfeeding Week on August 1-7, 2024.
- 13.Organized Zonal CME on Multi Sectoral Approach To Health, on 28.09.2024.
- 14.Organized Research Methodology, on 01.12.2023 at PG students
- 15.Conducted State Level IAPSM Essay competition on World Cancer Day on 04.02.2025

- 16.Conducted Essay competition and Elocution on World Tuberculosis Day on 24.03.2025 with collaboration of Pediatrics, Pulmonary Medicine, Medicine.
- 17.Organized Research Methodology on 17.04.2025 for all PG students
- 18.Health talk, Skit done by our PGs, Internees on World No Tobacco Day on 31st May, 2025.
- 19.Conducted Poster competition, staged a skit and organized rally on World Breastfeeding Week on August 1-7, 2025 – A key to sustainable development challenges and interventions at local level.
- 20.Conducted Phase 2 Cancer Screening Training Programme of NCD 4.0 for all MLHP'S, ASHA Workers from 21.08.2025 to 20.09.2025.
- 21.Swasth Nari, Sashakt Parivar Abhiyaan, Health Campaign for Women from Sep 17th to Oct 2nd, 2025.

Clinical services & special clinics (where applicable)

- 1.Wellness Clinic on Every Monday and Wednesday in OP no - 222 - Health education on nutrition, lifestyle modification, hygiene practices.
- 2.Preventive Oncology Unit Clinic on Tuesday and Thursday in OP no -222 - Oral, Breast, Cervical Cancer Screening and referral to specialist clinic.
- 3.The Family Adoption Program (FAP), Introduced by the National Medical Commission (NMC) in 2022, is a community-based learning initiative where every MBBS student assigns 3-5 families from nearby villages or urban settlements. Through regular visits, students gain firsthand exposure to real-life health challenges, provide health education, and help families access healthcare services and government schemes. The program not only strengthens the doctor–community relationship but also nurtures empathy, social responsibility, and communication skills among future doctors while promoting preventive and promotive healthcare. At ACSR GMC, Nellore, a total of 875 families have been adopted each year since its inception—covering Ram Nagar 1 & 2 in 2022, JVR Colony in 2023, and Penubaki Village in 2024—reflecting the institution's commitment to creating compassionate doctors and healthier communities.

Field activities / outreach programs

- 1.Jagan Anna Arogya Suraksha (JAAS) medical health camps in Tribal and Rural areas
- 2.Family health surveys as part of training of MBBS students in rural field Practice area of RHTC, Sangam.
- 3.SWASTHYA VIDYA VAHINI(SVV) programme was conducted in various villages.
- 4.Family Doctor Program (FDP) at RHC, Sangam in August, 2023.
- 5.Family Doctor Program (FDP) at PHC, Allipuram in July, 2023.
- 6.Tuberculosis survey monitoring as part of SNC in January, 2023.
- 7. COVID-19 Vaccination programme in January 2021 at ACSR GMC, Nellore coordinated by Nodal Officer Dr.S Govindu Professor and Head of Community Medicine, ACSR GMC, Nellore.
- 8. Monitoring of National Immunization Drive in Rural & Urban areas of Nellore District March, 2023.
- 9.Health camp at Ramnagar area July, 2024.
- 10.Family Adoption Programme (FAP) at UPHC (JVR Colony) April, 2024.
- 11.Family Adoption Programme (FAP) at Ram nagar April, 2024.
- 12.Family Adoption Programme (FAP) at PHC (penubaki) April, 2025.
- 13.NCD 3.0 Quality Assessment Survey in June,2025.

Awards & recognitions

- 1.Best Paper Presentation 3rd prize on IAPSM/IPHA State Joint Conference held on 30th and 31st August for Dr.Bolisetty Rakesh.
- 2.Zonal CME, Awarded 1st prize in Quiz competition at Guntur Medical College, on 10/12/2023 - by Dr. Baby Shalini, Dr. VP Kavinmaa Raghuram, Dr. Beeda Nikhitha.

Infrastructure / facilities available in the department

- The Department of Community Medicine is situated on the spacious 4th floor of the college building. It is well equipped with the following facilities:
- Departmental Library – Stocked with about 100 standard textbooks in Community Medicine along with subscribed journals for academic reference and research.
- Health Museum – A Rich teaching resource containing:
- Models: Life cycles of parasites, Environmental health models.
- Specimens: Public health chemicals, insecticides, vaccines, cold chain equipment.
- Family Welfare Exhibits: Family Planning Models.
- War Models: Nutrition
- Slides: Medical entomology
- Charts: Charts on various public health topics
- Laboratory Facilities: The Departmental Laboratory is well equipped to support teaching, training, and research activities. It includes:
- Microscopes.
- Cold Chain Equipment for vaccine storage and demonstration.
- Specimen Collection and Storage Facilities for practical teaching.
- Demonstration Sets and Audio-Visual Aids for skill-based learning.

Any other department-specific contributions

Nil

Rural Health Centre

Rural Health Centre is located 30 kms away from ACSR medical college. RHTC Caters rural slum population of 60000. The villages covered by RHTC.

The various activities at RHTC are:

- Health care activities.
- Diagnosis treatment of minor elements free of cost. Average daily OPD is 100-120.
- ANC Clinic:- on every Wednesday – Registration of ANC cases, health check up and immunization of mothers.
- Immunization Clinic:- On every Wednesday. Immunization of children against vaccine preventable diseases and immunization of mothers.
- Health education is provided to all OPD cases and to the community about nutrition, hygiene, environmental sanitation and infectious disease prevention and also at the time of awareness day programme.
- Family Planning :- Distribution of oral contraceptive pills, condoms. Motivation of eligible couples for tubectomy and vasectomy.
- Teaching activities: – Family health survey, clinical postings, medico social case study for the under graduate students. To acquaint the students for the rural health and functioning of RHTC.
- Maintenance of records :- like OPD register, ANC Register, PNC Register, Immunization Register, Health Education register, School health Check Register etc.
- Celebration of National Health Days:- Like World AIDS Day, WHO Day, World breast feeding week, World Diabetes Day, World TB Day etc.
- Referral Services :- Referral of cases those who need investigations, hospitalization etc

Urban Health Centre

Urban Health Centre is situated at UCD nagar, 4 kms away from ACSR, NELLORE. The total population covered by UHC is 45,000.

The various activities at Urban Health Centre are:

- OPD Services:- Daily OPD 100-120
- Laboratory services
- Health Education
- Eye care services :- like cataract surgeries, refractive errors, treatment of other eye conditions.
- Family Planning Services.
- Celebration of National Health Days.
- Referral services.

FIELD VISITS FOR UNDER GRADUATE STUDENTS

- Family Health Survey
- Visit to PHC/RHTC
- Visit to sub-centre
- Visit to Aanganwadi (ICDS)
- Visit to primary school.
- Visit to NGO
- Visit to DOTS centre
- Visit to Leprosy centre
- Visit to Urban Health Centre

Department profile / overview

Department of Forensic Medicine and Toxicology at ACSR Government Medical is fully motivated to the study, application and subsequently judicious use of all the areas of medical and human body knowledge primarily aimed at assisting the law. Generally this requires a dedicated team of skilled personnel in carrying out routine services of autopsy, clinical cases examinations followed by proper reporting and dealing with any other medicolegal matter where opinion is sought by the investigating agency which is the Police Department.
Side by side with this there are educational programmes at undergraduate and post graduate levels, where in a detailed curricular teaching consisting of both theoretical and practical aspects are routinely done. Forensic Medicine, Forensic Pathology, Medical & Health Ethics, introduction to Legal aspects of medical care, Toxicology are major areas of teaching for MBBS in this department.. MD in Forensic Medicine and Toxicology course at the post-graduate level is also undertaken. All courses presently available and likely to be developed in future are/would be – as per National Medical Commission directives and affiliated to Dr. NTR University of Health Sciences, Vijaywada.

UG & PG teaching activities

Lectures, Seminars, Small group teaching, Self directed learning for under graduates Seminar, Case presentation, journal club, Group discussion and Medico legal work includes postmortem examination(spot PM and Exhumation), clinical cases(Age estimation, sexual offence cases and Expert opinion), crime scene visit and attending court.,teaching undergraduate students during practicles and theory classes under the guidence and observation of the department faculty, 3 months of district residency programme at near by Community Health Center and peripheral posting as per NMC norms. Research activities in the department under the guidance of Professor & Head. Attend CME's and conferences at state, regional and national level. Mandatory post gradutes have to present a oral presentation or postal presentation or publish a paper in a indexed journal as a 1st authour - eligibility for appering in final examination for post graduates.

Research projects & publications

"Research Projects :- A PROSPECTIVE ANALYTICAL STUDY OF PATTERN OF SUICIDAL DEATHS AMONG MEDICO-LEGAL AUTOPSY CASES CONDUCTED AT TERITARY CARE HOSPITAL - Dr. R.Arun 3rd year Post Graduate A PROSPECTIVE CROSS SECTIONAL STUDY OF JUVENILE CONFLICTS IN SOUTH COASTAL ZONE -

Dr.Zunaid Ali Ahemad 2nd year Post Graduate. AN ANALYTICAL STUDY ON PATTERN OF INJURIES IN ROAD TRAFFIC ACCIDENT VICTIMS OBSERVED AT AUTOPSIED AT TERITARY CENTRE -

Department profile / overview

Department of Microbiology , ASCR GMC& GGH,Nellore plays vital role in
Ø Patient care, Diagnosis of infectious Diseases & Disease prevention
Ø Medical education
Ø Infection control programme : Antibiotic suspectibility testing, Formulating antibiotic policy, Public health support in epidemics& pandemics, monitoring emerging & re-emerging diseases & contributes to vaccination programme,Monitoring Bio Medical waste Management. Ø Involves in Research ,Teaching & Training Microbial sciences to Medical & Paramedical personnel.

UG & PG teaching activities

- - CBME curriculum is followed & emphasizes on
- - Clinical correlation- linking microbiology knowledge with real patient care for better understanding of disease process & progression
- - Regular theory, practical exams & viva to evaluate learning to all UG's-MBBS & Paramedical courses- DMLT,- Bsc Nursing , BSC MLT

Research projects & publications

Dr.N.Suneetha

- Study of speciation of coagulase negative staphylococci isolated from clinical samples Global Journal for research Analysis Volume-12 ,Issue -01, January 2023 Dr. P. Kasturi
- Dr.M.Charan kumar & Dr.B.Hemanath
- Virulence factors in Escherichia coli causing urinary tract infection in pregnant women NOV-2023 European Journal of Cardiovascular Medicine Vol-13 Issue -4-2023
- The role biomarkers in the diagnosis of sepsis (Volume 14 Issue:3 , page 33to 38 -2024) APR-MAY-2024 European Journal of Cardiovascular Medicine Dr.B.S.G.Sailaja
- Study of prevalence of MDR Acinetobacter species in Ventilator Associated Pneumoniae cases in a tertiary care hospital ,Visakhapatnam International Journal of current Pharmaceutical research Pg.No 104-106 Vol-16, Issue-6, 21 OCT-2024

Conferences / CME / Workshops

Nil

Clinical services & special clinics (where applicable)

- - 24*7 Lab Services: Serology Lab, Bacteriology lab, ICTC, ART-CD4 count, IDSP & Surveillance programme
- - VIRAL LOAD PCR:HIV, EID, HBAg, HCV
- - VRDL:COVID-19 RTPCR Metapneumovirus RTPCR

Field activities / outreach programs

- 1.Training the internees on infectious diseases
- 2. Awareness on immunization & vaccination programmes.
- 3. Participating in World AMR Awareness week programme
- 4.HICC –Training programme to Medical & Paramedical personnel

Awards & recognitions

- - 15 August 2024 District collector & Magistrate Award: Dr.Suneetha
- 26 January 2025 Best faculty award ACSR GMC,Nellore.Dr.B.Hemanath 15 August 2025 : Best Faculty awards ACSR GMC,NELLORE -Dr.Kasturi, Dr.Radha

Infrastructure / facilities available in the department

VRDL –COVID-19 RTPCR lab,Serology lab Bacteriology Lab, -Culture –VITEK, BacT Alert & Conventional methods HBsAg & HCV PCR Lab HIV Viral load & PCR lab ICTC lab,ART CD4 Count IDSP –ELISA Methods & Surveillance Programmes Practical lab to UGs,& Demonstration rooms

Any other department-specific contributions

- - NABL Accreditation – HIV viral load PCR LAB- on going process
- HICC-Training & support. Regular surveillance activity of GGH. Formulating Antibiotic policy & Drug resistance .Diagnostic services to all departments.

Department profile / overview

The Department of Ophthalmology started functioning from the time of inception of ACSR Govt Medical College with One Professor, One Associate Professor and Two Assistant Professors and One senior Resident. Presently there are 6 faculty with Dr S Vasantha as Professor and HOD of the department, One Associate Professor, 4 Assistant Professors. Paramedical staff , 2 refractionists, one optometrist. The department has an annual intake of 3 postgraduate (MS) admissions per year and 2 Senior Residents per year.Focus on health provision, disease management with necessary clinical examinations, investigations & treatment. The goal is to provide comprehensive, high-quality, and state-of-the-art eye care for patients and provide structured training for undergraduates and postgraduates and to carry out clinical research

UG & PG teaching activities

- UG Activities:
- Training in Ophthalmology begins in the 6th semester and continues till the 9th semester, using a mix of: Lectures / Small Group Discussions/ Self Directed Learning/ Seminars/ Clinico Case Discussions/ Problem-solving Exercises/ Camps
- Students are taken to Operation theatre areas to observe various Ocular Surgeries
- After completing the final year (9th semester), students return for a 15 days CRRI posting. During this internship, they receive hands-on training at OPD ,Minor OT Postgraduate Training in Ophthalmology (MS) –
- 1. Academic Engagement
- - Journal Clubs: Critical appraisal of research articles to build analytical skills.
- - Seminars : In-depth discussions on common ocular conditions
- Case Presentations
- 2.Community-Oriented Training
- - Regularly attend Cataract Screening and School Screening Camps
- 3. Research & Skill Development
- - Thesis Work: Training in research design, data analysis, and scientific writing as per NMC norms.
- - WET Labs: Simulation-based training in common Ocular Surgery
- 4. Competency-Based Curriculum (NMC Guidelines): Cognitive/ Psychmotor/ Affective Based Learning.
- 5. Additional PG Activities:
- - Teaching: Active role in undergraduate trainiing .
- - Assessments: Quarterly internal evaluations through journal reviews, skills, and presentations.

Research projects & publications

Dr.S.Vasantha Professor &HOD:: 1. Opportunistic screening of occludable angles with flashlight and van Herick methods , International Journal of Public. Health and Research; (IJPHR)2015;1(1):9-22 p ISSN 2394-8930 2. A Study on prevalence, magnitude and patterns of preexisting corneal astigmatism in patients with cataract in South India. Dry Eye syndrome in type II diabetes mellitus &its relation with severity of Diabetic Retinopathy Journal of population therapeutics & clinical Pharmacology 2. Prevalence of diabetic macular edema in diabetic patients who underwent cataract surgery as determined by optical coherence tomography 3. A rare case of falciform retinal fold as a sign of familial exudative vitreoretinopathy

Conferences / CME / Workshops

Zonal CME planned on 07.12.2025

Clinical services & special clinics (where applicable)

- The outpatient department functions on all days of the week along with super specialty clinics designated on specific days. An average of 100 patients are seen per day in the OPD. A dedicated team of residents, senior residents and teaching faculty are available round the clock to cater to ocular emergencies attending the casualty. Modern equipment with cutting-edge technology such as slit lamp biomicroscopes with digital imaging system, Applanation tonometers, Spectral Domain Optical Coherence Tomography, Ultrasound A and B scan are available to provide better quality care to the patients in OPD. The laser room in OPD has Nd YAG laser used for iridotomies and capsulotomies.The ACSR GMC eye bank was established in the year 2017and is recognized by the Ministry of Health and Family Welfare Govt. of India.(EBAI membership no.:INST-L-2328, dated 05/07/2017).The eye bank houses a refrigerator with MK medium and functions round the clock. A dedicated eye bank technician and a grief counseller are available round the clock. The HCRP (Hospital Corneal Retrieval Programme) for procurement of eyes from donors is very active and on an average 100 pairs of eyes are collected annually. Eyes are collected from deaths in houses outside the hospital also. The department is planning to start corneal transplantation surgeries . DAY ACTIVITY
- MONDAY Seminar
- TUESDAY Journal Club
- WEDNESDAY Case Presentation
- THURSDAY Grand Rounds
- FRIDAY Clinicopathological case discussion
- SATURDAY Morbidity meet

Field activities / outreach programs

Regular cataract screening camps and school screening camps are conducted in association with the district blindness control society.

Awards & recognitions

Appreciatiation certificate given to Dr.K.V.Praveen kumar

Infrastructure / facilities available in the department

Refraction, Tonometry, DIrect Ophthalmoscopy, Indirect Ophthalmoscopy, Gonisocopy, Optical coherence tomography, YAG LASER, Operating microscope with teaching aids.

Any other department-specific contributions

Eye Donation awareness Program,world glacoma week

Department profile / overview

The Department of Paediatrics is dedicated to the comprehensive care of infants, children, and early adolescents. Our mission is to promote the health and well-being of children through high-quality clinical services, education, research, and advocacy.

We provide care that spans from neonatology to early adolescent medicine, ensuring that every stage of childhood receives expert and compassionate attention including immunization services until adolescent.

UG & PG teaching activities

- We are committed to training the next generation of paediatricians and healthcare professionals through:
- Undergraduate and postgraduate medical education - as per the CBME curriculum and integrated speciality subject teaching for PG's with departments like Paediatric Surgery, Cardiology, Neurology etc.,
- Residency and fellowship programs
- Continuing medical education (CME) sessions
- Clinical case discussions, journal clubs, and hands-on workshops like NALS, PALS; BCLS & ACLS for under Graduates ; Basic NRP and advanced NRP for Post Graduates

Research projects & publications

Dr.C.Lakshmi Prasanna, Assoc. professor - 1. Study of Cutaneous Lesions in New Born Babies Born at Maternity and child Hospital, Government General Hospital, Nellore - International Journal of Pharmaceutical and Clinical Research 2024 - e-ISSN:0975-1556, p-ISSN:2820-2643 -volume 16, Issue 12 December- 2024. 2. Identification of Breast feeding problems using LATCH Score and the Impact of Lactation counselling : A Quasi-experimental study - Journal of clinical and Diagnostic Research 2025 . Conferences / CME / Workshops

PG Zonal CME every year as per NTR UHS guidelines and regular CME's for faculty & PG's in association with IAP; UPDATES in various specialities - Hematology, Pulmonology, Nephrology, cardiology etc., in colobaration with IAP Local Chapter.

Clinical services & special clinics (where applicable)

Nil

Field activities / outreach programs

- Our department offers a wide range of services, including:
- General Paediatrics: Diagnosis and treatment of common childhood illnesses.
- Neonatology: Specialised care for newborns, including those requiring NICU support.
- Paediatric Intensive Care (PICU): Critical care for severely ill or injured children.
- Paediatric Emergency Services: 24/7 emergency care tailored to paediatric patients.
- Specialty Clinics:
- Paediatric Cardiology
- Paediatric Neurology
- Paediatric Endocrinology
- Paediatric Nephrology
- Developmental Paediatrics
- Immunisation and Well-Child Clinics ; Child guidance Clinic includes Early Intervention Services, OAE/BERA, Thyroid Screening for high risk newborns.

Awards & recognitions

Best Doctor Awards by the Principal, ACSR GMC.Nellore & Superintendent, GGH,Nellore - Dr.C.Lakshmi Prasanna, Associate Professor ; Dr.P.Satya Prakash, Associate Professor ; Dr.K.Sivaramudu, Assistant Professor, Dr.L.Sandhyadevi, Assistant Professor, Dr.N.Jwala Vasavi, Assitant Professor Best Doctor award by District Collector & Magistrate - Dr.L.Sandhya devi, Assistant Professor - AUG-15th -2024

Infrastructure / facilities available in the department

Dedicated PICU with 20 beds & 20 beddded Stepdown ward and 10 bedded NICU with equipment like ECG, 2D - Echo, Ventilators, CPAP's, HFNC, Infusion Pumps, Multipara Monitors, Defibrillators, Syringe Pumps, Transport Baby Incubator ; 4 units for General Paediatrics headed by the Professor along with Associate Professor, 2 Assistant Professores , 2 Senior Residents ; Dedicated 10 bedded Triage ward , 40 Bedded SNCU , 20 bedded MNCU, 20 bedded NRC and department for Early Intervention under DEIC

Any other department-specific contributions

Integration with DEIC ; Integrated teaching with other departments as needed FBNC Training for untrained Nursing Students in SNCU

Department profile / overview

Department of Pathology, ACSR Govt. Medical College, Nellore plays vital role in
· Patient care
· Diagnosis of diseases
· Medical education services

UG & PG teaching activities

- CBME curriculum is followed & emphasizes on
- Clinical correlation- linking Pathology with real patient care for better understanding of disease process & progression
- Regular theory, practical exams & viva to evaluate learning to all UG's-MBBS & Paramedical courses- DMLT, BSc Nursing, BSc MLT

Research projects & publications

DR. B. V. SAI PRASAD, MD,. · Histopathological study of soft tissue tumor in a medical college in south india at two years study. Asian journal of medical sciences, Volume 14, Issue 10, October – 2023 DR. K. SRINIVASULU, MD,. · Histomorphology of Cardiac Autopsies in Sudden Death: A Two-Year Autopsy Study. Research Journal of Medical Sciences, 31-Aug-2023, Volume. 17, Issue No. 8 · A study of gastrointestinal stromal tumours in a tertiary care hospital. Research Journal of Medical Sciences, March-2024, Volume. 18, Issue No. 4 · A Retrospective Study on Current Trends in Incidence and Prognosis of Breast Cancer at a Tertiary care centre, Nellore, South India. International Journal of Academic Medicine and Pharmacy. May-2024, Volume. 06, Issue No. 03 DR. P. NEERAJA, MD,. · A study of cervical lesions in correlation with human papilloma virus analysis by immunohistochemical assay. Asian Journal of Pharmaceutical and Clinical research, March 2023, Volume. 16, Issue No. 5 · A study of spectrum of neoplastic and nonneoplastic lesions of salivary gland and the cytological correlation with histopathology. Asian Journal of Pharmaceutical and Clinical research, March 2023, Volume. 16, Issue No. 5 · Histomorphology of Cardiac Autopsies in Sudden Death: A Two-Year Autopsy Study. Research Journal of Medical Sciences, 31-Aug-2023, Volume. 17, Issue No. 8 DR. K. SUSHMA CHANDULEE, MD,. · Histomorphology of Cardiac Autopsies in Sudden Death: A Two-Year Autopsy Study. Research Journal of Medical Sciences, 31-Aug-2023, Volume. 17, Issue No. 8 · Clinicopathological correlation with Ultrasonogram of thyroid swellings: A prospective study in a tertiary care centre. Journal of Cardiovascular Disease Research, March-2023, Volume. 14, Issue No. 3. · A Retrospective Study on Current Trends in Incidence and Prognosis of Breast Cancer at a Tertiary care centre, Nellore, South India. International Journal of Academic Medicine and Pharmacy. May-2024, Volume. 06, Issue No. 03 DR. B. KRISHNA MURTY, MD,. · A 5 year retrospective study on assessing the prevalence of transfusion transmitted infections in blood donors. Volume. 14, Issue 4, October-December, 2024 · A Retrospective study of Haematological laboratory parameter in thrombocytopenia in tertiary care hospital. International journal of pharmaceutical and clinical research; Vol.15, Issue no.8, 2023 DR. C. LAKSHMI KALAVATHI, MD,. · A bird's-eye view of pathologist over diagnostic confusion of oral cavity lesions. Journal of Oral and Maxillofacial Pathology, April-June 2023, Volume. 27, Issue No. 2 · An insight into experiences of forensic expert and pathologist on prostrate degeneration with post mortem interval in human cadavers. Indian Journal of Forensic Medicine and Pathology, April-June 2024, Volume. 17, Issue No. 62 · A study of cervical lesions in correlation with human papillomavirus analysis by Immunohistochemical assay. Asian journal of pharmaceutical and clinical research Vol. 16, issue. 5, 2023 · A study of spectrum of neoplastic and non – neoplastic lesions of salivary gland and their cytological correlation with histopathology. Asian journal of pharmaceutical and clinical research Vol. 16, issue. 5, 2023 DR. R. SWARUPA RANI, MD,. · A study of gastrointestinal stromal tumours in a tertiary care hospital. Research Journal of Medical Sciences, 2024, Volume. 18, Issue No. 4 · A study on the Clinical importance of supra trochlear foramen of humerus in dry adult humeri. Journal of cardiovascular disease research, 2024, Volume. 15, Issue No. 8 DR. P. DURGA PRASAD, MD,. · A 5 year retrospective study on assessing the prevalence of transfusion transmitted infections in blood donors. Volume. 14, Issue 4, October-December, 2024 · Histopathological spectrum of gallbladder lesions in cholecystectomy specimens. E-ISSN 0976-2833, P-ISSN 0975-3583 · A Retrospective study of Haematological laboratory parameter in thrombocytopenia in tertiary care hospital. International journal of pharmaceutical and clinical research; Volume.15, Issue no.8, 2023

Conferences / CME / Workshops

-

Clinical services & special clinics (where applicable)

- - 24*7 Lab services
- - Cytopathology – Engaged in FNAC reporting along with body fluid cytology, USG and CT guided FNAC (Fine Needle Aspiration Cytology), Pap smear
- - Clinical Pathology – CBP, AEC, ESR, PCV, CSF, Peritoneal fluid, Pleural fluid (Total and differential count), Sputum, Semen, Urine analysis
- - Hematology – Involves in PS examination, Hemogram and Bone marrow aspirations
- - Histopathology – Includes examination of surgical resection specimens, incisional, excisional and endoscopic biopsies from all organ systems, medicolegal cases of autopsy specimens.

Field activities / outreach programs

- - Training the internees and other department Post Graduates
- - Participating in preventive oncology cancer screening programme (Oral, Breast, Cervical cancers)

Awards & recognitions

- - Awards on Republic Day 26 Jan 2025, Best faculty award by District Collector – Dr. B. V. Sai Prasad
- - Awards on Republic Day 26 Jan 2025, Best faculty awards – Dr. B. Krishna Murthy, Dr. B. Malleswari, Dr. D. Amaravathi
- - Awards on Independence Day 15 Aug 2025, Best faculty awards – Dr. K. Divya Teja, Dr. G. Jigeesha

Infrastructure / facilities available in the department

- - Histopathology Lab
- - Cytopathology Lab
- - Clinical pathology Lab
- - Hematology Lab
- - Practical Laboratory for UG
- - Demonstration Rooms

Any other department-specific contributions

Frozen section/ Cryosection – For rapid intra operative diagnosis

Department of Respiratory Medicine

Department Staff

Faculty Name	Designation	Professional Qualifications	Medical Registration No	AEBAS Attend. ID	Nature of Employment	Total Teaching Experience
Dr.G.Aruna	Associate Professor	MD	36797	38182231	Permanent	12 YEARS
Dr.K.Vijaya Kissinger	Assistant Professor	MD	46832	87319163	Permanent	11 YEARS
Dr.V.Aparna	Associate Professor	MD	45059	14977319	Permanent	8 YEARS
Dr.M.Revathi	Assistant Professor	MD	74990	78707575	Permanent	4 Yrs 11 months

Department profile / overview

Respiratory Medicine focuses on Respiratory Diseases and Tuberculosis,Teaching Respiratory Medicine to UG&PG According to CBME designed by National Medical Council in India

UG & PG teaching activities

CBME Curriculum is followed with formative and summative assessments for both UG's & PG's.

Research projects & publications

RESEARCH: 1.STUDY OF THE ROLE OF CONTRAST ENHANCED CT (CECT) CHEST IN EXUDATIVE PLEURAL EFFUSIONS WITH LOW ADENOSINE DEAMINASE (ADA) LEVELS,2.TO STUDY THE RELATIONSHIP BETWEEN PERIPHERAL EOSINOPHILIA, LUNG FUNCTION AND DISEASE 3.A COMPARATIVE STUDY ON QUALITY OF LIFE, SYMPTOMATOLOGY AND LUNG FUNCTION TESTS IN STABLE BRONCHIAL ASTHMA AND STABLE COPD PATIENTS 4.A COMPARATIVE STUDY ON QUALITY OF LIFE, SYMPTOMATOLOGY AND LUNG FUNCTION TESTS IN STABLE BRONCHIAL ASTHMA AND STABLE COPD PATIENTS.5.STUDY OF CARDIOVASCULAR CHANGES IN COPD PATIENTS AND OUTCOME AFTER TREATMENT 6.A STUDY OF EFFECT OF BREATHING EXERCISES IN PATIENTS WITH FIBROTIC LUNGS 7.STUDY OF RISK FACTORS FOR PULMONARY ARTERY HYPERTENSION(PAH) AND CORPULMONALE AND OUTCOME IN POST TB PATIENTS 8.STUDY OF RISK FACTORS FOR PULMONARY ARTERY HYPERTENSION(PAH) AND CORPULMONALE AND OUTCOME IN POST TB PATIENTS. 9.CLINICAL, MICROBIOLOGICAL AND RADIOLOGICAL OUTCOMES IN PATIENTS ON MODIFIED ANTITUBERCULAR THERAPY DUE TO DRUG INDUCED TOXICITY. PUBLICATIONS: 1.STUDY OF INCIDENCE,OUTCOME AND SIDE EFFECT OF INH MONORESISTANT TB TREATED WITH H MONOPOLY DR REGIMEN. 2. CASE SERIES OF JN-1 VARIENT INFECTED PATIENTS IN A COVID ICU.3.STUDY OF FACTORS OTHER THAN DISEASE SEVERITY WHICH INFLUENCE OUTCOMES OF OBSTRUCTIVE AIRWAY DISEASE PATIENTS IN THE RICU

Conferences / CME / Workshops

- CONFERENCE : APSACON 2024, WORK SHOPS IN APSACON 2024:
- 1. Bronchoscopy Workshop 2.Thoarcoscopy Work shop 3.Sleep Work shop.

Clinical services & special clinics (where applicable)

Timings

Field activities / outreach programs

10:00 am to 12:00 PM

Awards & recognitions

10:00 am to 12:00 PM

Infrastructure / facilities available in the department

9:00 am to 11:00 PM

Any other department-specific contributions

Integration with General Medicine, Anaesthesia, Pathology, Cardiology Mirobiology & Radiology

Department of Transfusion Medicine

Department Staff

Faculty Name	Designation	Professional Qualifications	Medical Registration No	AEBAS Attend. ID	Nature of Employment	Total Teaching Experience
M.Anitha	Assistant professor	MD	66627	65586458	permanent	4 years 11 Months

Department profile / overview

Department of Transfusion Medicine,Blood Collection,Donor Services

UG & PG teaching activities

Component Preparation and Storage

Research projects & publications

A Study Of Transfusion Related Adverse Events at a Tertiary Care Center in Southern India

Conferences / CME / Workshops

Health screening and counselling

Clinical services & special clinics (where applicable)

Blood Component Therapy

Field activities / outreach programs

Transfusion Support in Special Clinical conditions obstetric Haemorrhage,Oncology pts,Neonates

Awards & recognitions

Best Assistant Professor Awarded by District Collector & Magistrate for Dr.M.Anitha on the event of Republic Day 2024

Infrastructure / facilities available in the department

Field activities includes

Any other department-specific contributions

- 1:voluntary blood donation drives
- 2:donor motivation, recruitment
- 3:mobile bloodcollection services
- 4:community engagement and awareness
- 5:Haemovigilance and donor follow up

Department profile / overview

FOCUSES ON DIAGNOSING DISEASES BY USING VARIES IMAGING TECHNIQUES LIKE X RAY, ULTRASOUND, COLOUR DOPPLER, CT SCAN AND MRI SCANS

UG & PG teaching activities

UG TEACHING - BRIEF INTRODUCTION TO THE STUDENTS POSTED AT OUR DEPARTMENT REGARDING RADIODIAGNOSIS ACCORDING TO CBME CURRICULUM

Research projects & publications

ONGOING PROJECTS :- 1) ROLE OF MRI AND MRS IN THE DIAGNOSIS OF CERBERAL RING ENHANCING LESIONS - DR V .KUSUMA AND 2) DIFFUSION WEIGHTED IMAGING AS A DIAGNOSTIC TOOL IN THE EVALUATION OF OVARIAN MASSES - DR T RAGINI

Conferences / CME / Workshops

NIL

Clinical services & special clinics (where applicable)

IMAGING , DIAGNOSIS AND REPORTING BY USING DIFFERENT RADIOLOGICAL INVESTIGATIVE MODALTIES (X RAY, USG, COLOUR DOPPLER, CT SCAN, MRI SCANS) , INTERVENTIONS LIKE FNAC, USG GUIDED PCD,ASCITIC AND PLEURAL FLUID ASPIRATIONS.

Field activities / outreach programs

NIL

Awards & recognitions

NIL

Infrastructure / facilities available in the department

X RAY MACHINES - 800mA ,500mA,300mA ,100mA (STATIC, MOBILE) , USG AND COLOUR DOPPLER MACHINES (HIGH END, LOW END, MOBILE) ,APMISDC -CTSCAN MACHINE(16 SLICE) , MRI MACHINE (1.5TESLA)

Any other department-specific contributions
