- The VMCH Hostel provides accommodation exclusively for its registered students. Oversight of the hostel falls under the jurisdiction of the Dean/Vice Principal and is directly managed by the Chief Warden and Residential Wardens. These authorities have the discretion to enforce rules and regulations, and their decisions are deemed final.
- Separate accommodations are provided for male and female students. Admittance to the hostels is at the discretion of the College and Hostel administration. Enrollment in the college does not guarantee automatic hostel admission. Hostel admission can be declined without providing specific reasons. Students seeking hostel accommodation must submit a formal application after being admitted to the college, accompanied by the required fee. Prior to admission, each student and their parents are required to submit a written undertaking affirming adherence to hostel rules and regulations.
- Residence in the hostel does not guarantee accommodation for the subsequent academic year. Students are typically not permitted to extend their stay beyond a specified period from the date of college enrollment. The Hostel office operates during regular working hours on all working days. Any concerns or complaints should be submitted in writing to the Warden for appropriate action.
- Students must obtain prior permission from the Dean/Chief Warden before vacating the hostel. Approval for departure should be requested through a formal letter submitted to the Dean. Students may leave the hostel only after obtaining approval from the authorities, settling outstanding dues, and fulfilling other prescribed formalities. If a student applies to vacate the hostel within six months of admission without a valid reason, they will forfeit the entire caution deposit.
