

HOSTELS

provided accommodation in separate building, safety and security in the campus is entrusted to a professional security agency.

The residential facilities provided here are exemplary and ensure comfort and safety of the students at all times. The students and staff commuting from the town and near by villages are provided with transportation facilities. Spacious cafeteria provides hygienic wholesome food at reasonable prices. The institution has a good number of resident students coming from different state and abroad. These students are offered a variety of nutritious menus prepared by chefs using the latest facilities in the kitchen.

Today Narayana medical institutions are gradually becoming a preferred destination for quality medical education. Ultra modern residential blocks are built for boys and girls within the campus and for students coming from different countries with all the modern amenities to suit their needs. These blocks have well furnished accommodation, which is offered either on a single or a twin-sharing basis. Value added menu and facilities like air conditioners and communication facilities also would be provided at additional cost.
