Hostel

The institute provides hostel facilites to all its students. The hostels are located on campus and have easy access to the college facilities. Each hostel is supervised by a resident warden who is a teaching faculty of the institute or part of the administrative committee. The warden is available on campus at all times and can be approached by the students at any time and forms the first point of contact for redressal of students’ grievances. The admission to the hostel is streamlined through an online application process (on admission) and approved immediately through the associate director’s offices. Hostelites have access to a hostel manger for their room maintenances needs.
