Campus Facilities

SMMCHRI's campus infrastructure is designed to provide an optimal learning and living environment. ICT-enabled lecture halls and well-equipped laboratories facilitate effective education, while the Central Library offers a rich collection of print and digital resources. Separate hostels for boys and girls include gyms, recreational areas, and dining facilities. The campus also features sports grounds, canteens, and banking services, promoting student engagement and convenience. These facilities ensure that students enjoy a balanced experience, combining rigorous academics with personal well-being and extracurricular development.

Hostels & Dining

- Separate hostels are available for U.G students, Interns, Residents & Nurses.
- Both A/C and Non-A/C Hostel accommodation are available for Boys and Girls separately, within the campus.
- All the rooms are well ventilated and built in cupboards have been provided.
- Uninterrupted power supply and water supply is ensured round the clock.
- Solar heaters have been provided in the hostels.
- Sufficient toilets and bathrooms are maintained hygienically by the house keeping department.
- Recreation facilities available in the hostel are, Television, Indoor games, Gymnasium, Newspaper etc.
- The hostel mess provides hygienic and quality food. A comfortable dining hall has also been provided.

Sports & weiness

A large playground suitable for athletics, football, and cricket is located in the campus. Basketball and volleyball courts are also available within the campus for our students to stay physically fit and continue to exhibit their sporting skills in addition to their academics. Annual sports events are conducted regularly and Inter batch competitions held.

Temple

The temple within the campus spreads divinity and instills spiritual and positive vibes amongst student community.

Transport

Fleet of buses connects all parts of the city to pick and drop our day scholars on time safely.

Security

The entire campus is manned by security guards at all vantage points day and night to ensure safe movement of students within our campus between the hostels and the library block or the hospital block.
