Department of Cardiology

Amaltas Institute of Medical Sciences, Dewas

Facilities Available in the Department

The Department of Cardiology at Amaltas Institute of Medical Sciences, Dewas is equipped with modern infrastructure, advanced diagnostic and therapeutic facilities, and comprehensive clinical services to support patient care, teaching, and research activities. The department functions in accordance with the guidelines prescribed by the National Medical Commission (NMC).

Clinical Services

The department provides specialized care for a wide spectrum of cardiovascular diseases, including:

- Coronary artery disease and acute coronary syndromes
- Hypertension and heart failure
- Arrhythmias and conduction disorders
- Valvular heart diseases
- Congenital heart diseases
- Cardiomyopathies

Both outpatient (OPD) and inpatient (IPD) services are available, along with emergency cardiac care.

Diagnostic Facilities

The department is equipped with advanced diagnostic tools, including:

- Electrocardiography (ECG)
- Echocardiography (2D Echo with Doppler)
- Treadmill Test (TMT) / Stress Testing
- Holter Monitoring (24-hour ECG monitoring)
- Ambulatory Blood Pressure Monitoring (ABPM)

Support from the Radiology Department is available for advanced imaging such as CT and MRI when required.

Interventional Facilities

The department provides (or is linked to) interventional cardiology services such as:

- Coronary angiography
- Percutaneous coronary intervention (angioplasty and stenting)

Scanned with OKEN Scanner

- Temporary and permanent pacemaker implantation

A well-equipped **Cardiac Care Unit (CCU)** is available for intensive monitoring and management of critically ill cardiac patients.

Teaching and Learning Facilities

The department supports undergraduate and clinical training through:

- Demonstration rooms with audiovisual aids
- Bedside clinical teaching
- Case presentations and seminars
- Workshops and Continuing Medical Education (CME) programs

Laboratory and Procedure Facilities

Facilities are available for:

- Cardiac monitoring and emergency procedures
- Basic and advanced life support (BLS/ACLS)
- Pre- and post-procedural patient care

Library and Academic Resources

A **departmental library-cum-seminar room** is available with standard textbooks, reference materials, journals, and digital learning resources for academic enrichment.

Research Facilities

The department promotes clinical research and encourages participation of faculty and students in research projects, publications, and conferences.

Teaching Aids and Equipment

The department utilizes:

- Anatomical models of the heart and vascular system
- Charts and digital presentations
- Simulation-based learning tools

These aids enhance understanding of cardiovascular physiology and pathology.

List of Infrastructure Facilities

Scanned with OKEN Scanner

- Room for Professor and Head of the Department
- Rooms for Associate Professors
- Rooms for Assistant Professors
- Rooms for Senior Residents/Junior Residents
- Cardiology OPD consultation rooms
- Cardiac Care Unit (CCU)
- ECG/ECHO/TMT room
- Procedure room / Cath Lab (if available)
- Departmental office-cum-clerical room
- Waiting area for patients
- Room for non-teaching staff

Infrastructure

- Room for Professor and Head of the Department
- Rooms for Associate Professors
- Rooms for Assistant Professors
- Rooms for Senior Residents/Junior Residents
- Urology OPD consultation rooms
- Endoscopy room
- Departmental office-cum-clerical room
- Waiting area for patients
- Room for non-teaching staff

Clinical Services

- Management of kidney, ureteric, and bladder stones (urolithiasis)
- Prostate disorders (benign prostatic hyperplasia and carcinoma)

Scanned with OKEN Scanner

- Urinary tract infections
- Urological cancers (kidney, bladder, prostate, testis)
- Congenital urological anomalies
- Male infertility and erectile dysfunction
- Emergency urological care

Diagnostic Facilities

- Ultrasonography (in collaboration with Radiology Department)
- Uroflowmetry
- Cystoscopy
- Urodynamic studies
- X-ray and CT scan support for urinary tract evaluation

Surgical and Interventional Facilities

- Endoscopic procedures (URS, cystolithotripsy)
- Percutaneous Nephrolithotomy (PCNL)
- Transurethral Resection of Prostate (TURP)
- Open urological surgeries
- Laparoscopic urological procedures

Teaching and Learning Facilities

- Demonstration rooms with audiovisual teaching aids
- Bedside clinical teaching
- Case discussions, seminars, and presentations
- Participation in Continuing Medical Education (CME) programs

---

Laboratory and Procedure Facilities

- Minor procedure room for catheterization and interventions
- Preoperative and postoperative patient care facilities

Library and Academic Resources

Scanned with OKEN Scanner

- Departmental library-cum-seminar room
- Standard textbooks, reference materials, and journals

Research Facilities

- Support for clinical research and academic projects
- Participation in conferences and publications

Major Equipment and Instruments

- Cystoscope and ureteroscope (URS)
- Resectoscope for TURP
- Lithotripsy equipment (if available)
- Endoscopic camera and monitor system
- Suction apparatus and cautery machine

3. Research Facilities

- **Common Central Research Laboratory**
- Area: ~1000 sq. ft.
- Supports ongoing and completed research projects

Major Equipment Available:

- Spectrophotometer, pH meter, incubator
- Centrifuge, flame photometer, colorimeter
- Microscopes (binocular & compound)
- Electrophoresis apparatus
- Water bath, autoclave, microtome
- Analytical weighing machine, micropipettes

---

4. Clinical & Diagnostic Equipment

- ICU/Patient care equipment:
- Pulse oximeters, ECG machines
- Defibrillator, crash carts
- Syringe pumps
- Diagnostic equipment:
- Endoscopy & bronchoscopy systems
- Ultrasound with Doppler
- EEG, NCV, PFT equipment
- Holter monitoring system
- Basic clinical tools:
- Stethoscopes, BP instruments

DEPARTMENT OF OBSTETRICS AND GYNECOLOGY
Amaltas Institute of Medical Sciences, Dewas

Facilities Available in the Department

The Department of Obstetrics and Gynecology is equipped with modern infrastructure, clinical facilities, teaching resources, and research support systems as per NMC guidelines.

Infrastructure

- 13 OPD rooms (30 m^2 each) with adequate waiting area (50 m^2)
- 5 well-maintained wards with adequate ventilation
- Feeding room and dressing/examination room available
- 3 fully functional operation theatres
- Departmental office with clerical staff and storage
- Rooms for HOD, Professors, Associate Professors, Assistant Professors, Residents and staff

Teaching and Learning Facilities

- Seminar room with adequate space
- Audiovisual aids including projector screen
- Internet facility available
- Regular academic activities (seminars, journal clubs, case presentations, group discussions)

Central library and Academic Resources

- Total Books: 11,796
- Indian Journals: 76
- Foreign Journals: 30

Facilities Available in the Department

List of Facilities Available

Infrastructure:

- Room for Professor and Head of the Department
- Rooms for Associate Professors
- Rooms for Assistant Professors/Lecturers
- Rooms for Tutors/Demonstrators
- Departmental office-cum-clerical room
- Room for non-teaching staff

Teaching and Learning Facilities

- Demonstration rooms with audiovisual teaching aids
- Multimedia projectors, overhead projectors, and slide projectors
- Television and digital teaching support systems
- Models, charts, and audiovisual learning materials

Laboratories

- Research labs with preparation room
- Neuro-Anatomy laboratory with preparation room
- Histology Lab with Monocular microscopes, preparation room
- Dissection Hall
- Research laboratory

Library and Academic Resources

- Departmental library-cum-seminar room
- Total number of books: 220

Major Equipment and Instruments

- **Cadaveric Dissection Room:**
- **Dissection Tables**: Stainless steel or marble top tables, often 6'x2'x3'.
- Cadaver Storage/Embalming: Stainless steel storage tanks (capacity to hold multiple cadavers), mortuary coolers, and embalming machines.
- Cutting Tools: Band saws for sectioning limbs, electric bone cutters, and meat cutting machines for transverse/vertical body sections.
- Instruments: Brain knives, scalpels, blunt/pointed forceps, and scissors.
- **Histology & Microscopy Laboratory:**
- Microtomes: Rotary and sledge microtomes for tissue sectioning.
- Microscopes: Monocular, binocular, trinocular, and dissection microscopes.
- Tissue Processing: Paraffin embedding baths, hot plates for flattening sections, hot air ovens, and staining jars.
- **Museum & Demonstration Area:**
- Specimens: Human skeletal sets (articulated and disarticulated), plastinated specimens, and wet specimens in glass jars.
- Anthropometry: Anthropometer rods, calipers (spreading/sliding), and osteometric tables.
- Imaging: X-ray viewing boxes (viewing lobby), computers with VCD libraries, and multimedia projectors.
- **General Laboratory Aids:**
- Anthropological equipment like craniophors.
- Cabinets for slides (up to 1,000 capacity).
- Weighing balances (analytical).
- Charts, models, and diagrams for anatomical study

DEPARTMENT OF MICROBIOLOGY

Amaltas Institute of Medical Sciences, Dewas

Facilities Available in the Department

The Department of Microbiology at Amaltas Institute of Medical Sciences, Dewas, is adequately equipped with infrastructure, teaching-learning resources, laboratory facilities, and research support systems required for undergraduate medical education. All facilities available in the department are in accordance with the guidelines prescribed by the National Medical Commission (NMC).

The department has well-established teaching facilities, including spacious demonstration rooms equipped with audiovisual aids such as overhead projectors, slide projectors, multimedia projectors, television, and other modern teaching tools to facilitate effective learning.

The practical teaching infrastructure includes Bacteriology, Serology/ Immunology, Virology, Mycology, Parasitology, Parasitology, Molecular Lab, Research laboratory Microbiology laboratories with adequate working space, preparation rooms, washbasins, storage facilities, and electrical provisions. A Clinical Microbiology Laboratory is available with Equipments and demonstration room for technical training. SOPs have been prepared for the usage of instruments and technical procedures to make them easy to manage.

The department also has a departmental library-cum-seminar room with a total of 119 books, including standard textbooks and reference materials to support academic activities.

A dedicated research laboratory is available to promote research activities among faculty and students.

The department is equipped with a wide range of instruments and teaching aids essential for Microbiology practical training, examination, and demonstrations in accordance with guidelines.

DEPARTMENT OF PATHOLOGY
Amaltas Institute of Medical Sciences, Dewas

Facilities Available in the Department

The Department of Pathology at Amaltas Institute of Medical Sciences, Dewas, is adequately equipped with infrastructure, teaching-learning resources, laboratory facilities, and research support systems required for undergraduate medical education. All facilities available in the department are in accordance with the guidelines prescribed by the National Medical Commission (NMC).

The department has well-established teaching facilities, including spacious demonstration rooms equipped with audiovisual aids such as overhead projectors, slide projectors, multimedia projectors, television, and other modern teaching tools to facilitate effective learning.

The practical teaching infrastructure includes clinical – pathology/ Haematology laboratories with adequate working space, preparation rooms, washbasins, storage facilities, and electrical provisions. A Clinical pathology Laboratory is available . SOPs have been prepared for the usage of equipment to make them easy to manage.

The department also has a departmental library-cum-seminar room with a total of **111 books**, including standard textbooks and reference materials to support academic activities.

A dedicated research laboratory is available to promote research activities among faculty and students.

The department is equipped with a wide range of instruments and teaching aids essential for pathology practical training, clinical examination, and demonstrations. Computer-assisted learning, charts, models, photographs, and videos in accordance with ethical guidelines.

DEPARTMENT OF OPHTHALMOLOGY
Amaltas Institute of Medical Sciences, Dewas

Facilities Available in the Department

The Department of Ophthalmology at Amaltas Institute of Medical Sciences, Dewas, is adequately equipped with infrastructure, teaching-learning resources, laboratory facilities, and research support systems required for undergraduate medical education. All facilities available in the department are in accordance with the guidelines prescribed by the National Medical Commission (NMC).

The department has well-established teaching facilities, including spacious demonstration rooms equipped with audiovisual aids such as LCD projectors, Slit Lamp, slide projectors, multimedia projectors, television, and other modern teaching tools to facilitate effective learning.

A dedicated minor OT and major operation theatre are available for performing procedures such as cataract surgery (SICS and phacoemulsification), pterygium surgery, and other anterior segment surgeries under strict aseptic conditions.

The department also has a departmental library-cum-seminar room with a total of **72 books,** including standard textbooks and reference materials to support academic activities.

A dedicated research laboratory is available to promote research activities among faculty and students.

The department is equipped with a wide range of instruments and teaching aids essential for ophthalmology practical training, clinical examination, and demonstrations. Clinical cases are demonstrated using slit-lamp examination, fundus photography, charts, models, and videos in accordance with ethical guidelines.

DEPARTMENT OF PHYSIOLOGY
Amaltas Institute of Medical Sciences, Dewas

Facilities Available in the Department

The Department of Physiology at Amaltas Institute of Medical Sciences, Dewas, is adequately equipped with infrastructure, teaching-learning resources, laboratory facilities, and research support systems required for undergraduate medical education. All facilities available in the department are in accordance with the guidelines prescribed by the National Medical Commission (NMC).

The department has well-established teaching facilities, including spacious demonstration rooms equipped with audiovisual aids such as overhead projectors, slide projectors, multimedia projectors, television, and other modern teaching tools to facilitate effective learning.

The practical teaching infrastructure includes amphibian, mammalian, and human physiology laboratories with adequate working space, preparation rooms, washbasins, storage facilities, and electrical provisions. A Clinical Physiology Laboratory is available with examination tables fitted with mattresses and adjustable features for clinical training. SOPs have been prepared for the usage of instruments to make them easy to manage.

The department also has a departmental library-cum-seminar room with a total of **115 books**, including standard textbooks and reference materials to support academic activities.

A dedicated research laboratory is available to promote research activities among faculty and students.

The department is equipped with a wide range of instruments and teaching aids essential for physiology practical training, clinical examination, and demonstrations. Animal experiments are demonstrated using computer-assisted learning, charts, models, photographs, and videos in accordance with ethical guidelines.

DEPARTMENT OF ENT

Amaltas Institute of Medical Sciences, Dewas

Facilities Available in the Department

The Department of ENT at Amaltas Institute of Medical Sciences, Dewas, is adequately equipped with infrastructure, teaching-learning resources, laboratory facilities, and research support systems required for undergraduate medical education. All facilities available in the department are in accordance with the guidelines prescribed by the National Medical Commission (NMC).

The department has well-established teaching facilities, including spacious demonstration rooms equipped with audiovisual aids such as overhead projectors, slide projectors, multimedia projectors, television, and other modern teaching tools to facilitate effective learning.

The practical teaching infrastructure includes ENT laboratories with adequate working space, preparation rooms, washbasins, storage facilities, and electrical provisions. A Clinical ENT Laboratory is available with examination tables fitted with mattresses and adjustable features for clinical training. SOPs have been prepared for the usage of instruments to make them easy to manage.

The department also has a departmental library-cum-seminar room with a total of 107 books,&43 Donated books including standard textbooks and reference materials to support academic activities.

A dedicated research laboratory is available to promote research activities among faculty and students.

The department is equipped with a wide range of instruments and teaching aids essential for ENT practical training, clinical examination, and demonstrations. Animal experiments are demonstrated using computer-assisted learning, charts, models, photographs, and videos in accordance with ethical guidelines.

Department of Anesthesia

Amaltas Institute of Medical Sciences, Dewas

Facilities Available in the Department

The Department of Anesthesia at Amaltas Institute of Medical Sciences, Dewas, is well-equipped with modern infrastructure, advanced anesthesia workstations, intensive care facilities, and comprehensive teaching-learning resources. The department functions in accordance with the guidelines of the National Medical Commission (NMC) and is committed to providing safe perioperative care, critical care services, and academic excellence.

The department plays a crucial role in patient care by providing anesthesia services for various surgical specialties, managing critical care units, and offering pain management services. It is supported by skilled faculty, trained technicians, and modern monitoring systems.

Teaching and Learning Facilities

The department has well-organized teaching facilities, including seminar rooms equipped with audiovisual aids such as multimedia projectors, enabling effective teaching of undergraduate students. Clinical case discussions, demonstrations, and hands-on training form an integral part of the teaching program.

Clinical and Practical Infrastructure

The department is equipped with modern operation theatres (OTs) and intensive care units (ICUs), ensuring comprehensive clinical exposure for students.

- **Operation Theatres** equipped with advanced anesthesia workstations and monitoring systems
- **Pre-anesthetic check-up (PAC) clinic** for patient evaluation
- **Post-anesthesia care unit (PACU)** for recovery monitoring
- **Intensive Care Units (ICUs)** for critically ill patients
- **Pain management services** including acute and chronic pain care

Standard Operating Procedures (SOPs) are available for the use of all equipment to ensure patient safety and efficient functioning.

Space: Adequate.

Connectivity: Internet facility available.

Audiovisual Equipment: Equipped with an LCD project, CPU, speakers, and microphones.

3. Laboratory and Research Facilities

a. Central Research Lab Equipment

The department is equipped with a wide array of diagnostic and research tools, including:

Basic Lab Tools: Digital Spectrophotometer, PH meter, Incubator, Magnetic Stirrer, and Centrifuges.

Electrophoresis: Paper and Gel electrophoresis apparatus.

Scanned with OKEN Scanner

Specialized Equipment: Cryostat (frozen section machine), Microtome Rotary, Flame photometer, and BOD Incubator.

Clinical Tools: Stethoscopes, BP instruments, and Kymographs.

b. Library Facilities

Total Books: 11,384.

Recent Acquisitions: 2,568 books purchased in the last three years.

Journals: 70 Indian journals and 30 foreign journals available.

4. Specialized Medical Equipment

The department is well-equipped for intensive and emergency care with:

Neonatal Support: Neonatal ventilators (with and without high frequency), Radiant warmers, Transport Incubators, and Phototherapy units (CFL & LED).

Monitoring & Diagnostics: Multipara monitors, Echo color Doppler, ECG machines, USG, and Pulse Oximeters.

Advanced Care: HHHFNC, CPAP machines, Defibrillators, and ABG equipment.

5. Clinical Services and Specialty Clinics

a. Intensive Care

Intensive care facilities include both a Neonatal Intensive Care Unit (NICU) and a Paediatric Intensive Care Unit (PICU).

b. Specialty Clinics Schedule

The department runs several specialty clinics during OPD hours:

Paediatric Cardiology: Monday (Dr. Mahendra Kumar Gupta).

Paediatric Nephrology & Rheumatology: Tuesday and Monthly respectively (Dr. Neha Kakani).

Paediatric Endocrine & Neonatology: Wednesday and Monday respectively (Dr. Ashish Batham).

Paediatric Haematology & Thalassemia: Thursday and Wednesday respectively (Dr. Sourabh Agarwal).

Gastroenterology (Diarrhea): Friday (Dr. Akhilesh Gupta).

Development and Early Intervention (DEIC): Tuesday (Dr. Ankur Jain).

Department of Psychiatry at Amaltas Institute of Medical Sciences Dewas

The Department of Psychiatry at Amaltas Hospital is a dedicated center for excellence in mental health care, committed to providing compassionate, patient-centered treatment. Serving the rural and urban populations of Dewas and surrounding regions, the department focuses on the diagnosis, prevention, and rehabilitation of emotional, behavioral, and mental disorders. It combines clinical expertise with psychological therapies to improve the overall quality of life for patients across all age groups.

INFRASTRUCTURE

The department is integrated into the expansive 27.378-acre medical campus. It features well-organized Outpatient Department (OPD) chambers designed for privacy and comfort during consultations. For patients requiring intensive care, the hospital provides specialized General Wards (Male and Female) and private rooms. These facilities include modern nursing stations, examination rooms, and demonstration rooms with a 25-person capacity for academic and clinical training.

Library RESOURCES :

Collection: The combined library facility houses 11,796 books.

Recent Acquisitions: A total of 2,980 books were purchased in the last three years.

Journals: The library subscribes to 76 Indian journals and 30 foreign journals.

Specific Titles: Available journals include the British Journal of Psychiatry, Indian Journal of Medical Psychiatry, and the Industrial Psychiatry Journal.

E-Library: An air-conditioned computer lab with 40 browsing centers and high-speed internet.

Scanned with OKEN Scanner

Reading Halls: Separate inner and outer halls with a combined seating capacity for over 300 students and faculty.

Specialized Sections: Dedicated areas for PG residents, faculty, and a journal section that houses updated national and international psychiatric publications.

Equipment

The department is equipped with advanced diagnostic and therapeutic tools, including:

- **Psychological Assessment Tools:** Standardized batteries for IQ testing, personality assessments, and clinical scales.
- **Monitoring & Critical Care:** Fully equipped beds featuring multipara monitors, central oxygen/suction, and emergency kits (crash carts and defibrillators).
- **Diagnostic Support:** Access to the hospital's NABL-accredited pathology lab, MRI, and CT scan facilities for neurological evaluations.

Services Provided

- **General Psychiatry:** Management of Depression, Anxiety, Bipolar Disorder, and Schizophrenia.

DEPARTMENT OF FORENSIC MEDICINE & TOXICOLOGY

1. Overview of the Department

The Department of Forensic Medicine & Toxicology is a vital component of the MBBS curriculum, responsible for imparting knowledge related to medico-legal responsibilities, forensic investigations, and toxicological analysis. The department is designed and developed in accordance with the guidelines laid down by the National Medical Commission (NMC).

2. Infrastructure and Physical Facilities

2.1 Lecture Theatre

- Lecture theatre facilities are available as per institutional norms and NMC guidelines
- Equipped with audiovisual teaching aids to support effective large-group teaching.

2.2 Demonstration Rooms

- Total: **4 Demonstration Rooms**
- Area: **90 sq. meters each**
- Capacity: **85 students per room**
- Facilities include:
    - Strip chairs
    - Overhead projector
    - Slide projector
    - Television and video systems
    - Multimedia teaching aids

2.3 Departmental Museum

- Area: **225 sq. meters**
- Seating capacity: **85 students**
- Contains:
    - Medico-legal specimens
    - Charts and models
    - Prototype firearms
    - Wax models
    - Slides and preserved specimens
    - Toxicology samples and photographs

Scanned with OKEN Scanner

- All specimens are properly labeled.
- **20 catalogues** available for student reference.

2.4 Laboratory

- Area: **Adequate**
- Designed for:
    - Forensic histopathology
    - Serology
    - Anthropology
    - Toxicology analysis
- Equipped with essential instruments and apparatus for practical training.

2.5 Departmental Library

- Area: **Adequate** Functions as **Library-cum-Seminar Room**
- Book availability: **80–100 books**
- Compliance: Not more than two copies of a single title counted toward total
- Supports self-directed learning and aca
- demic discussions

2.6 Research Laboratory

- Area: **Adequate**
- Dedicated to research activities in forensic science and toxicology

2.7 Staff

Provision for departmental staff as per NMC norms:

3. Teaching Equipment and Learning Resources

3.1 Teaching Equipment

- Multimedia projector with CPU and projection screen
- Television and DVD player
- Digital SLR camera with accessories
- Student microscopes
- X-ray view box (two-in-one)
- Stopwatch
- Charts and models

3.2 Anthropometric Instruments

- Folding metal rod (up to 7 ft)
- Osteometric board
- Craniometer
- Mandibulometer
- Goniometer
- Vernier calipers
- Height measuring instruments
- Dial-type weighing machine

3.3 Laboratory Equipment

- Digital pH meter
- Spectrophotometer
- Chemical balance
- Distillation plant
- Refrigerator
- Centrifuge
- Slide warming table
- Hot plate
- Glass cutting pencil
- Spectroscopic lens with adjustable slit
- Dissection set

Scanned with OKEN Scanner

- Digital BP instrument
- Stethoscope

4. Research Facilities

Shared Central Research Lab Facilities

- Microtome with knife
- Paraffin embedding unit
- Water bath for tissue flotation
- Moulds and block holders
- Abrasive powders
- Thin layer chromatography setup
- Gas chromatograph
- Ultraviolet spectroscope
- Infrared spectroscope
- Mass spectrometer

5. Academic and Practical Training Support

- Structured undergraduate teaching aligned with CBME curriculum
- Demonstration-based learning in small groups
- Exposure to real medico-legal cases through autopsy and case discussions
- Museum-based self-directed learning
- Practical exposure to forensic techniques and toxicology

6. Compliance with Regulatory Standards

The Department of Forensic Medicine & Toxicology is fully compliant with:

- **NMC infrastructure norms**
- **CBME curriculum requirements**
- **Laboratory and safety standards**

All equipment, facilities, and academic activities are maintained and updated as per regulatory requirements.

DEPARTMENT OF PHARMACOLOGY
Amaltas Institute of Medical Sciences, Dewas

Facilities Available in the Department

The Department of Pharmacology at Amaltas Institute of Medical Sciences, Dewas, is adequately equipped with infrastructure, teaching-learning resources, laboratory facilities, and research support systems required for undergraduate medical education. All facilities available in the department are in accordance with the guidelines prescribed by the National Medical Commission (NMC).

The department has well-established teaching facilities, including spacious demonstration rooms equipped with audiovisual aids such as overhead projectors, slide projectors, multimedia projectors, television, and other modern teaching tools to facilitate effective learning.

The practical teaching infrastructure includes amphibian, mammalian, and human pharmacology laboratories with adequate working space, preparation rooms, washbasins, storage facilities, and electrical provisions. A Clinical pharmacology Laboratory is available with examination tables fitted with mattresses and adjustable features for clinical training. SOPs have been prepared for the usage of instruments to make them easy to manage.

The department also has a departmental library-cum-seminar room with a total of 115 books, including standard textbooks and reference materials to support academic activities.

A dedicated research laboratory is available to promote research activities among faculty and students.

The department is equipped with a wide range of instruments and teaching aids essential for Pharmacology practical training, clinical examination, and demonstrations. Animal experiments are demonstrated using computer-assisted learning, charts, models, photographs, and videos in accordance with ethical guidelines.

List of Facilities Available

Infrastructure:

- Room for Professor and Head of the Department
- Rooms for Associate Professors
- Rooms for Assistant Professors/Lecturers
- Rooms for Tutors/Demonstrators
- Departmental office-cum-clerical room
- Room for non-teaching staff

Library Adequate books /129 (Department), Central library 11796, Indian journals adequate foreign Journals adequate offline and online journal

Departmental research lab : Adequate space with facilities Electrophoresis, chromatography, auto and semi auto analyzer, ELISA with molecular lab in central research lab and CCL

A dedicated research laboratory is available to promote research activities among students and faculties, practical training and other training facilities available

UG Practical laboratory with all Essential instruments such as colorimeter, PH meter electrophoresis ETC

Central clinical chemistry lab : well equipped with more than 1500 investigations per day

Department is fully equipped with all facilities as per NMC noms for 250 annual intake of UG students and PG students like latest instruments, E library facilities charts, models, videos, photographs ETC
Department of Biochemistry is well furnished and having adequate facilities

Annexure II (Equipment list)

Name of the Equipment	Must/ Desirable	Number s Availabl e	Functio nal Status	Important Specification in Brief	Adequ ate (Yes/N o)
Centrifuges More Than or Equal to 8 Tubes	Must	04	Working	Biocon (India)	Yes
Glucometers	Must	07	Working	Glucocare, Sin ocare	Yes
Urinometers	Must	65	Working	JK (India)	Yes
Hot Air Oven	Must	02	Working	Labey India	Yes
Digital Colorimeters	Must	07	Working	Cellwin,Systonic,Biocon (India)	Yes
Microscopes	Must	10	Working	MSW	Yes
Thermometer0–250 ^{O}C	Must	02	Working	-	Yes
Semi Auto Analyzer	Desirable	02	Working	-	Yes
Boiling Water Bath	Must	07	Working	Biocon (India)	Yes
Constant Temp Water Bath Tank Capacity(Temp Range5to 80^{O}C)	Must	02	Working	Biocon (India)	Yes
Digital pH Meter	Must	04	Working	Systonic	Yes
FixedVolumePipettes1mL,0.5 Ml,0.2mL,0.1mL,0.02Ml	Must	Total 150	Working	Brosil (Suncare)	Yes
Bottle Dispensers	Must	05	Working	Biocon (Microtronic labquest)	Yes
Variable and Fixed Volume Micro Auto Pipettes	Must	27	Working	-	Yes
Vacutainer Tubes	Must	15	Working	-	Yes
PCR Machine	Desirable	NIL	-	-	
ABG Machine	Desirable	01	Working	-	Yes
AUTO Analyser	Desirable	02	Working	-	Yes
Chromotographic Unit for Paper & TLC	Must	01	Working	-	Yes
Complete Electrophoresis(Paper, Page, Agarose) Apparatus With Power Supply	Must	03	Working	Biocon (India)	Yes
Densitometer With Computer	Desirable	01	Working	-	Yes
Vortex Mixer	Must	02	Working	Biocon (India)	Yes
Incubatorof37 ^{O}C	Must	06	Working	G-Lab	Yes
Fume Cup Boards	Must	01	Working	Biocon (India)	Yes
