Hostel Facilities

Last Updated on:January 07, 2025

Dhubri Medical College and Hospital (DMCH) offers well-planned hostel accommodations to ensure a safe, comfortable, and supportive living environment for its students. Below are the key features of the hostel facilities:

1. **Separate Hostels**
   - **For Male Students:** A dedicated hostel building catering exclusively to the needs of male students.
   - **For Female Students:** Separate hostel facilities for female students, ensuring privacy and safety.

2. **Spacious Rooms**
   - Rooms are well-ventilated, providing a comfortable space for studying and resting.
   - Options for single, double, or shared occupancy based on availability and preferences.
   - Each room is furnished with essential amenities, including beds, study tables, chairs, and storage units.

3. **Mess Facilities**
   - On-campus mess provides hygienic and nutritious meals for students.
   - A well-balanced menu with vegetarian and non-vegetarian options is offered.
   - Timely meal schedules to accommodate academic routines.

4. **Safety and Security**
   - 24/7 security personnel and surveillance systems ensure a secure living environment.
   - Restricted entry for non-residents to maintain hostel safety.
   - Fire safety measures and emergency response systems are in place.

5. **Recreational Facilities**
   - Common rooms equipped with televisions, indoor games, and comfortable seating for relaxation.
   - Open spaces for outdoor activities and sports, promoting physical well-being.
   - Scheduled cultural and recreational events to foster camaraderie among students.

6. **Essential Services**
   - Clean and well-maintained washrooms with 24/7 water supply, including hot water facilities.
   - Regular housekeeping services to maintain cleanliness in living and common areas.
   - Laundry facilities and access to ironing services for student convenience.

7. **Hostel Allotment Process**
   - Hostel allotments are organized prior to the commencement of classes to ensure a smooth transition for students.
   - The allocation process considers factors such as year of study, preferences, and availability.
   - Warden and administrative staff are available to address queries and provide assistance.

8. **Study-Friendly Environment**
   - Dedicated quiet hours to encourage a focused study atmosphere.
   - Study rooms equipped with desks and chairs for group discussions or individual learning.

The hostel accommodations at DMCH are thoughtfully designed to provide a home away from home, allowing students to focus on their academics and personal growth in a nurturing environment.
