

HOSTELS

Separate Accommodations: The college maintains independent hostel buildings for male and female students to ensure privacy and comfort.

Furnished Rooms: Rooms are typically shared and come equipped with essential furniture, including beds, study tables, chairs, and wardrobes.

Essential Utilities: Students have access to 24/7 electricity and water supply, including hot water facilities.

Academic Support: High-speed Wi-Fi is available throughout the hostel premises to assist students with their academic research and online learning needs.

Hygienic Mess & Dining: An on-campus mess provides regular, nutritious meals. The mess often operates on a subsidized "dividing system" based on actual monthly costs.

Safety & Security: The premises are monitored 24/7 by security personnel and are under constant supervision to provide a safe living environment.

Recreation & Wellness: Common rooms are available for indoor games and social interaction, along with access to campus sports grounds for physical well-being.
