Our Vision for Hospital

To be a premier tertiary care teaching hospital recognized for excellence in patient care, medical education, and research, dedicated to serving the healthcare needs of tribal and rural communities with compassion and innovation.

We envision a future where every patient receives quality healthcare regardless of their background, and where our hospital stands as a model of excellence in rural healthcare delivery.

Our Mission for Hospital

To provide quality healthcare services through:

- Patient Care: Delivering compassionate, ethical, and high-quality medical care to all patients.
- Medical Education: Training the next generation of healthcare professionals through hands-on clinical experience.
- Community Service: Serving the tribal and rural population with accessible and affordable healthcare.
- Clinical Excellence: Maintaining high standards of medical practice across all specialties.

HOSPITAL ADMINISTRATION

Message from the Medical Superintendent

Dr. Prasad Bansod, MS, Government Medical College, Gadchiroli, is a distinguished general surgeon with advanced training in minimally invasive and robotic surgery. He brings a wealth of clinical expertise and leadership experience to the institution.

His qualifications include fellowships in minimal access surgery, advanced laparoscopic surgery, and gastrointestinal endoscopy, reflecting his dedication to adopting modern surgical innovations. He has a deep passion for oncology, particularly in the areas of breast cancer and minimally invasive surgical management, where he continues to apply advanced techniques to improve patient outcomes.

Alongside his clinical contributions, Dr. Bansod is actively involved in research, consistently working to integrate evidence-based advancements into practice and contributing to academic growth at the institution.

Dr. Prasad Bansod

Medical Superintendent, GMC & Hospital, Gadchiroli, GMC & Hospital, Gadchiroli
