

A Comfortable & Supportive Living Environment for Medical Students

At Jakir Hossain Medical College & Research Institute, hostel life is designed to support the daily routine of aspiring doctors. The campus provides essential residential amenities that help students focus on academics, build friendships, and enjoy a balanced lifestyle.

Dining Facility

The dining facility ensures students have access to regular, hygienic daily meals, encouraging a healthy routine in a shared environment that keeps them energized for long studies.

Gymnasium

The gymnasium gives students a space to maintain fitness alongside academics, encouraging exercise that supports strength, reduces stress, and promotes balanced everyday wellbeing.

Wi-Fi Facility

The Wi-Fi facility supports modern medical learning by enabling access to study resources, online lectures, research tools, and smooth communication students stay connected always.

Study Room

Dedicated study rooms provide a calm and focused environment for self study and group learning, helping students prepare well for exams, discussions, and important clinical duties.

24×7 Supervision & CCTV Surveillance

Round-the-clock supervision & surveillance contribute to a secure living environment. CCTV monitoring helps ensure student safety and peace of mind while staying on campus.
