Dr. Ch Sudhakar Babu

Professor & Head
Regd no: 36370
Email id : dr.sudhakarbabu@gmail.com
Total teaching experience : 17 Years

OVERVIEW :
The department of Anatomy forms the backbone and foundation of clinical departments.
Provide a comprehensive and cutting-edge education in human anatomy to medical students, fostering a deep understanding of the structure and function of the human body.
Conduct high-quality research in anatomical sciences that contributes to the advancement of medical knowledge, healthcare practices, and medical education.
Promote interdisciplinary collaborations within the department and with other departments, institutions. and industries to enhance anatomical research and innovation.
Empower students and faculty to be lifelong learners and educators, enriching them with the skills and knowledge necessary for success in the field of anatomy and healthcare.

VISION :
To be a leading department in the field of human anatomy education, research, and innovation, contributing significantly to advancing medical knowledge and healthcare practices in India and beyond.

MISSION :
Provide a comprehensive and cutting-edge education in human anatomy to medical students, fostering a deep understanding of the structure and function of the human body.
Conduct high-quality research in anatomical sciences that contributes to the advancement of medical knowledge, healthcare practices, and medical education.
Promote interdisciplinary collaborations within the department and with other departments, institutions, and industries to enhance anatomical research and innovation.
Empower students, faculty, and staff to be lifelong learners and educators, equipping them with the skills and knowledge necessary for success in the fields of anatomy and healthcare.
Serve the local community and healthcare sector through outreach programs, anatomical donations, and educational initiatives that promote health and wellness.
Uphold the highest ethical standards in anatomical education, research, and practice, demonstrating respect for human dignity and the principles of medical ethics.
Foster a culture of diversity, inclusivity, and respect within the department, welcoming individuals from all backgrounds and promoting a supportive and collaborative environment for learning and growth.

The Department of Anatomy at the newly established Government Medical College, Piduguralla (Palnadu district) serves as a foundational pre-clinical department for undergraduate medical students. It is actively developing state-of-the-art facilities, including a spacious dissection hall, histology laboratories, and an osteology museum to support hands-on medical training.

- As a per National Medical Commission (NMC) standards, the department features: Dissection Hall: A spacious facility equipped with necessary preservation and ventilation systems for cadaveric dissection, enabling students to gain hands-on structural insights.
- Histology Laboratory: Outfitted with advanced compound microscopes and slide sets to study the cellular organization of diverse tissues.
- Anatomy Museum: Houses organized collections of wet tissue specimens, dry bones (osteology), and developmental models to facilitate self-paced learning.
